

Name- MS//Date and session of interview- May 04//Board- RN Chaubey//Optional- PSIR//College- IITB Electrical//Profession (if any)- No//Hobbies- Guitar.

Your experience in an interview:

90% DAF-based, smiling but poker faces, some answers, and eye contact could have had been better from my side. Got out feeling nice but no clue how i performed.

Chairman asked to take off the mask if no COVID symptoms, I was experiencing a sore throat so kept the mask on

Utility of mocks (if any)-

Vajirao - formal setting, closest to real interview, fixing mannerisms and boosting confidence

KSG - average mock but can be done as morale booster

Samkalp - my experience was not great but other people have had good experience

Chairman:

Asked to sit, told this is not a police interview, if you don't know something it's fine tell us and we will move on

Q1. Introduce yourself with your education and professional background?

Q2. Mainstream of tribals and some followup questions?

Member 1 (Electrical degree DAF):

Q1. What are EM waves?
